

OVERVIEW

Izolirani International Airport is located in the south-eastern portion of the Izolirani island. The airport sits near the south-eastern coast. Approximately 3 NM to the north-west of the airport is high terrain, standing as tall as 1064'. A hill sits just north of the approach end of runway 10 and to the south is some farm land. Approximately 1 NM west of runway 10 there is a large refinery/factory with tall steam stacks. Runway 28 sits on the coast with no major obstacles off the approach end.
